

PREMIUM ACIDIC TOILET CLEANER & LIMESCALE REMOVER

USE

Acidic descaling toilet cleaner and hard surface cleaner for washrooms.

DESCRIPTION

Powerful, high active multi surface toilet & washroom cleaner. It will descale, remove heavy soil & body fat & leave a clean fresh medicated smell.

FEATURES & BENEFITS

- High active acid based cleaner & descaler
- Removes heavy soiling & the most stubborn stains
- Suitable for use on stainless steel, porcelain, chromium, ceramic, quarry floor & wall tiles
- Not recommended for use on vitreous enamel on fibreglass baths & fitting

HOW TO USE

Stubborn Stains & Descaling: Apply undiluted onto surface & leave for a few minutes, agitate if necessary.

Removing Body Fat: Dilute 200ml per 5 litres hot water (1:25).

Stainless Steel & Porcelain: Dilute 100ml per 5 litres of hot water (1:50).

Light Soiling, Walls, Ceramic Tiles: Dilute 20ml per 5 litres of hot water (1:250).

Mop or wipe surface. Always rinse with clean water.
