ACTI-SPRAY

Colour	Product Code	Pack Size	Box Qty
Clear	PVCACT	200ML	12

Product Description

EVERBUILD ACTI-PEN is a revolutionary new way of applying super glue activator. With its precision applicator ACTI-PEN will cover approximately the same as 3 x 200ml tins of standard activator spray. Due to the high activator content ACTI-PEN will halve the setting time of conventional aerosol activated superglue.

Benefits

- Works on all common building surfaces.
- Suitable for use with all cyanoacrylate superglues.
- Precision application.

Limitations

- Always replace cap after use.
- Any excess material outside the glue line must be removed as this can cause discoloration.
- Any discoloration can be removed using contact adhesive thinner and cleaner.

Application

Remove cap and apply activator to one of the surfaces to be bonded. Apply cyanoacrylate adhesive to the other surface (e.g. Everbuild MitreFast Adhesive). Bring the parts together ensuring the joint is accurate. Joint sets hard in approximately 5 seconds. Always replace cap after use to prevent the pen drying out.

Health & Safety

Consult MSDS for full list of hazards.

Storage

Store in cool dry conditions away from direct sunlight between 5 and 25°C. Storage outside these parameters will significantly reduce shelf life. Ensure good ventilation.

Shelf Life

12 months.
